

# Georg Knobel

3D Pool & Outdoor Living Designer

3D visualization support for pool  
builders, landscape contractors, and  
outdoor-living companies.

Civil Engineer | VizTerra | VIP3D  
[georg@georgknobel.com](mailto:georg@georgknobel.com)

# Pool + Pavilion

## Project Scope:

Full backyard visualization featuring a custom pool, covered pavilion, outdoor kitchen, fireplace, and seating areas.

3D Modeling & Visualization | VizTerra / VIP3D

# Deck + Outdoor Living

## PROJECT SCOPE

Residential deck and outdoor-living design integrated with the existing home and surrounding landscape.

## DESIGN FOCUS

Deck layout, circulation, material coordination, planting areas, lighting, and overall backyard composition.

## DELIVERABLES

3D model and client-ready rendered views developed for design presentation and homeowner visualization.

# Pergola + Landscape

## PROJECT SCOPE

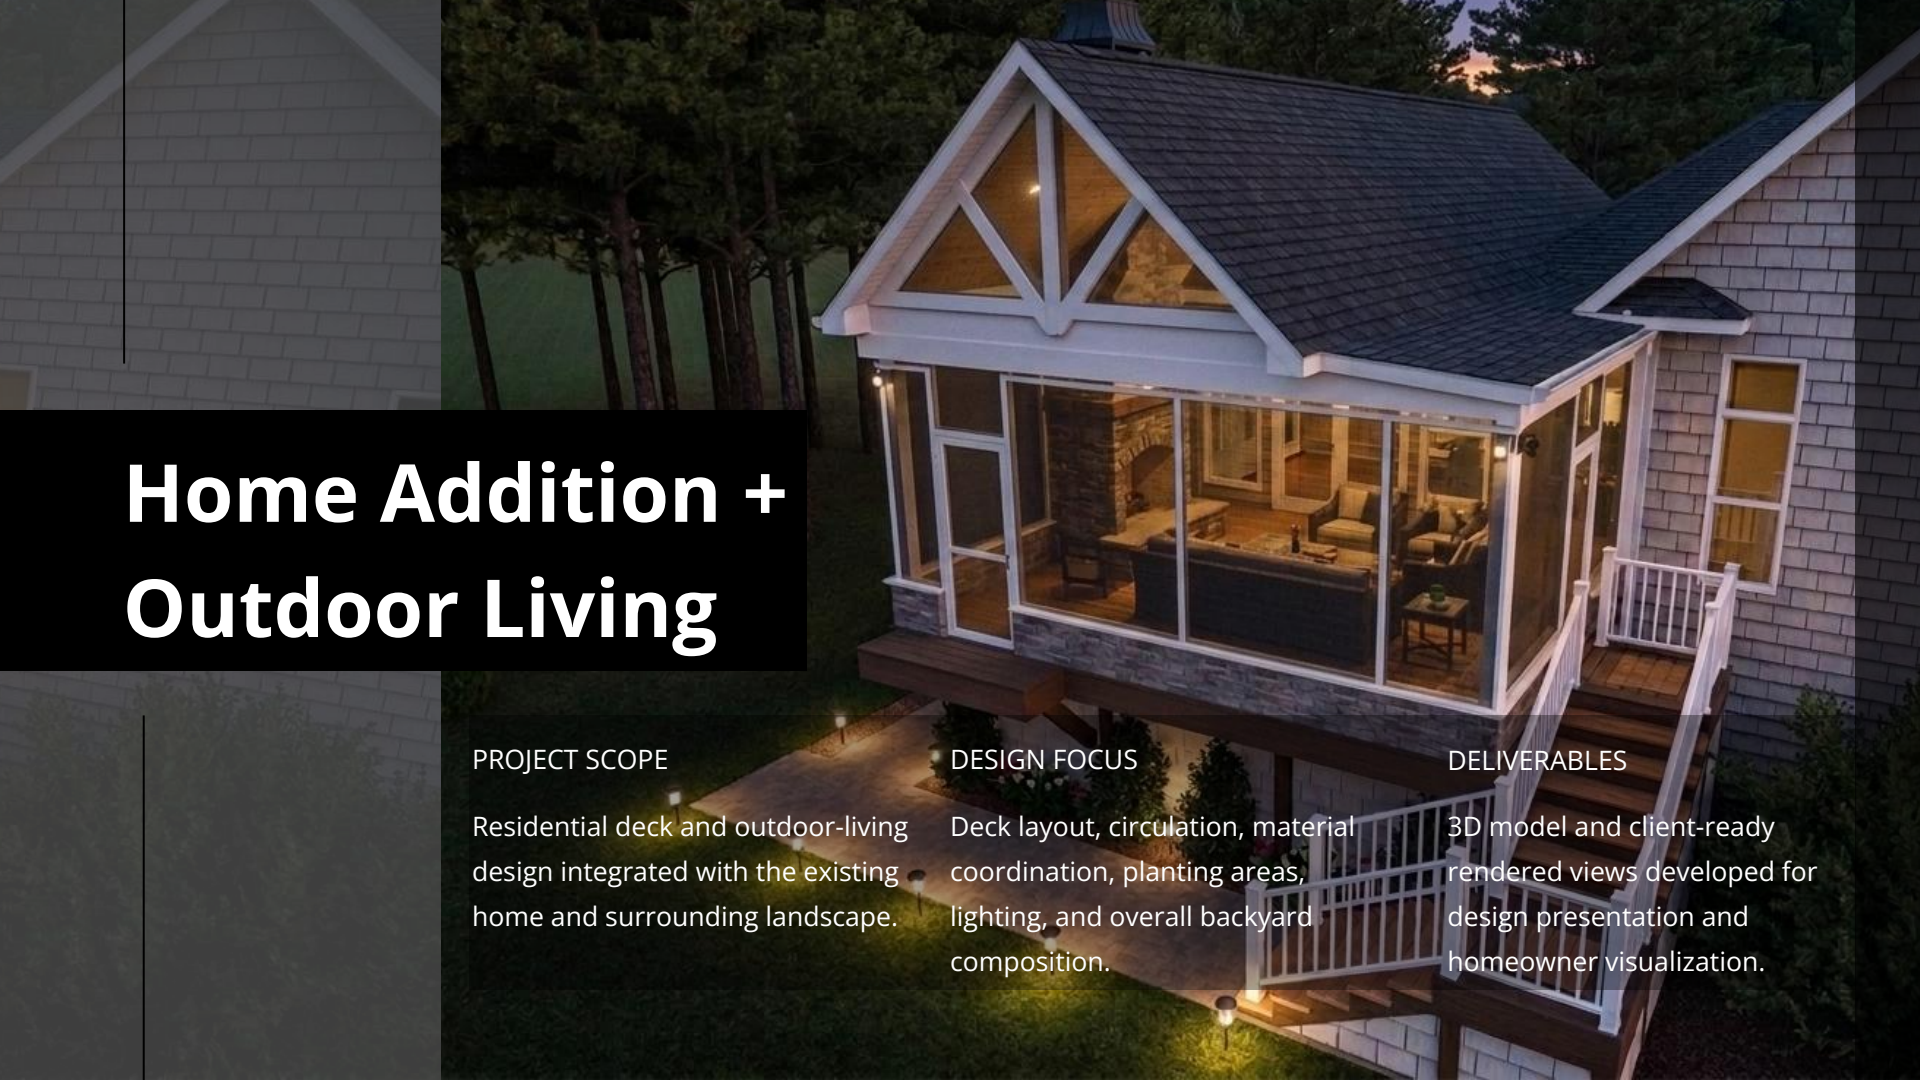

Custom pergola and landscape concept integrated with the existing backyard and residence.

## DESIGN FOCUS

Pergola structure, privacy screening, planting layout, paving, lighting, and outdoor seating.

## PRESENTATION

3D visualization created to help the client understand materials, scale, layout, and the finished outdoor-living experience.

# Home Addition + Outdoor Living

## PROJECT SCOPE

Residential deck and outdoor-living design integrated with the existing home and surrounding landscape.

## DESIGN FOCUS

Deck layout, circulation, material coordination, planting areas, lighting, and overall backyard composition.

## DELIVERABLES

3D model and client-ready rendered views developed for design presentation and homeowner visualization.

# Let's Work Together!

I provide 3D pool and outdoor-living visualization support for U.S. contractors, builders, and design-build companies.
